Treasurer Report: Everyone should be paid up by this date. Invoices have been sent to people that still owe and will be sent out weekly until paid. 43 people still owe \$63,000 so this needs to be paid asap.

Executive Officers Reports: Doug reported that Freddie is no longer with the rink. He had served a dual role before, and now he will only be the hockey director for MYTH and continue to coach his team. Eric wants feedback on the off ice program. He also states they would like to add more teams to EJ next year.

Committee Reports: Ron Robichaud spoke on the sled hockey program and fundraiser scheduled for OCT 28 at Motorworks.

The uniform rebrand committee has chosen a new vendor named Make Your Mark Promo. She has corrected the logos on jerseys that were missing or defective. She is working on a new logo that we will have trademarked. She will make a website page for us and will give a portion of sales back to us. The new jerseys will be phased in next season.

New Business: Next week is a breast cancer fundraiser with the peewee red team and the Alliance girls team.

If anyone needs extra ice time, contact Eric and he will schedule.

The question on the 16A team being short 2 games is being looked into with SAHOF
